SMALL UPDATE / PATCH NOTES POSTED Wed, October 25

Steam Deck Beta Client Update: October 24th

Note: This update is for the Steam Deck Beta and Preview channels, and includes new features that are still being tested. You can opt into this in Settings > System > System Update Channel.

The Steam Client Beta has been updated with the following changes:

SteamInput

- Fixed bug preventing user-created templates and other workshop configs from being permanently deleted
- Fix for Dots per 360 value not being copied into a new mode in an action set if another mode that used it was already present

Interface

- Fixed Discovery Queue background color
